**CITY CAREER GUIDES FOR CHINA & INDIA COMING SOON!**
Browsing the GoinGlobal Country and City Career Guides

Clicking on the GoinGlobal Country Guide or USA/Canada City Guide links from the Main Page to view the full list of guides included in that collection. The list of guides is sorted alphabetically by country/city. Clicking on a country/city name brings you to the main content index for the selected guide.

In the USA City Career Guide collection, click on the American Flag icon to access H1B listings by state. H1B listings by metro area are also included in each City Career Guide.

The Topic Overview for each guide includes the subjects covered in each section. For example, when you select “Industry and Employment Trends,” you can view the details for that topic. Once the page is open, scroll down the page to see all the information in the selected category.

Searching the GoinGlobal Country and City Career Guides

From the GoinGlobal Country Guide or USA/Canada City Career Guide pages, you can input search criteria into the Guide Search box. It is important to be as specific as possible! Select the desired country/city for the search.

After you activate the search, the results are listed, including topic and sub-topic titles.

Within each guide it is easy to find pages containing a specified word or reference by selecting the Quick Search box in the right-hand side of the page, and entering the search criteria into the box. Again, results are listed showing topic and sub topic titles.

H1B Plus

This robust search engine instantly queries more than 450,000 U.S. Department of Labor (DOL) H1B visa application records. Use this tool to simultaneously search visa applications by job title, occupation, employer, location and/or wage. These records are updated throughout the year, typically on a quarterly basis.

Global Key Employer Directory

GoinGlobal’s premium subscription includes corporate listings for more than 196 countries. The Global Key Employer Directory contains company profiles for industries such as manufacturing, transportation, consumer goods, consulting services, finance and technology. Both "local" and "multinational" employers are included. This database is updated quarterly.
Corporate listings include:

- Company activities/key brands
- Number of employees
- Latest financial figures
- Company officers
- NAICS (North American Industry Classification System) category

**Searching the Global Key Employer Directory**

Search by using the **Profile Search** box on the **Employer Directory** page. You may search by keywords and topics or by ranges. For keywords and topics, select company name, address or industry/NAICS, enter the appropriate criteria in the box and select the desired country.

**IMPORTANT! Keep in mind that industry does not mean function.** For example, the industry "banking" will yield results, while the function "finance" will yield none.

You can also search by sales or number of employees using the **Ranges** search function. Select either the number of employees or latest available sales from the **Category** box, then select a country and enter the desired numerical ranges.

**Worldwide Job and Internship Listings**

GoinGlobal's premium subscription includes more than 16 million international job and internship listings, including thousands of openings in cities across the United States. The system’s multi-lingual search allows opportunities to be searched both in English and the local language(s). Additional resources are provided for nonprofit and development jobs and internships. All job postings are updated daily.

**Searching Job and Internships Opportunities**

Click on the **Jobs/Internships** link from the main page or in the main navigation bar to access the search form.

1. Enter a location title (e.g., city and state, or country name) or choose from the dropdown list of country names. **NOTE: This is a required part of the search query and cannot be omitted.**

2. If you wish, enter information in the Job Title and/or in the Skills and Keywords boxes to narrow your search. GoinGlobal jobs and internship opportunities can be searched both in English and the local language.

3. Select an industry using the drop-down list, or leave unselected for all industries within that geography.

4. Search specifically for jobs with Non-profits, Non-Governmental and Development organizations, click the "Idealist" and "Devex" links. You may also want to search the entire database for these types of jobs.
5. Use the “add Search Details” link to add industry-specific keywords. When you click on the link a separate window will open. Select the keywords you wish to add by clicking on the checkboxes next to the terms, then click on the “Add keywords and return to search” button.

6. Academic Search Terms tool enables you to add keywords to your search to include results with academic titles and internship-specific content. The predefined keyword list provides a wide range of additional academic keywords without additional typing and reduces the chance of misspellings. Click on "Academic Keyword Tool" to pop up a selection window. Select as many search terms as apply then click the "Add keywords and return to search" button.

7. If you wish, search for jobs within a particular company by filling in the Company field.

8. Select job type from All, Full-time, Part-time, Internship, Contract

Launch your search by clicking on the "Search" button. Search results will be displayed on a new page.

Click on the Jobs/Internships link on the main page to go to the search form. Follow the steps on the search form to select the cities and/or countries of interest and add keywords to your search. Use the drop down boxes to select the area and industry that you would like to focus on. Additional advanced keywords may be selected and added along with academic terms to increase the specific focus of your search query.

GoinGlobal jobs and internship opportunities can be searched both in English and numerous local languages. A job search agent is also available to send automatic alerts regarding new opportunities that enter the system that meet the job seekers requirements.

“Add Search Details” Feature

The Add Search Details feature provides a wide range of additional, industry-specific keywords to add to your job or internship query. On the Jobs/Internships search form, click on the “Add Search Details” link:

1. Select an industry – Next to each industry name is a radio button that you can use to select the industry you wish to research. Click on a radio button for a single industry and then the “Select Industry” button in the lower right-hand corner. You are then presented with a list of pre-defined industry keywords.

2. Add Industry Keywords – You can add as many of the pre-defined keywords as you wish by clicking on the checkbox next to each term. To complete the keyword selection click on the “Add keywords and return to search” button.

3. Review the selected keywords – the industry keywords are added to the search form and appear below the “Add Search Details” link. To edit or add to the selected keywords, click on the “Add Search Details” link.
“Academic Keyword Tool” Feature

The Academic Keyword Tool enables you to add keywords to your search to include results with academic titles and internship-specific content. The predefined keyword list provides a wide range of additional academic keywords without additional typing and reduces the chance of misspellings.

1. Click on the “Academic Keyword Tool” link from the main search window of the Jobs/Internships page. The link is available on the Global Search and the USA Search forms.

2. In the Academic Keyword Tool window, select keywords to add to your search by clicking the check boxes. Then click on the “Add keywords and return to search” button.

3. The selected keywords are now included in your search query and displayed on the search form.

4. Include more keywords - If you wish to add additional keywords, type them directly into the Keywords field.

5. Launch your search by clicking on the "Search" button. Search results will be displayed on a new page.

Personal Account Set Up

You can set up a personal account from within your organization’s system to make it easier to access the pages of most interest to you. By clicking on Create Personal Account in the upper right-hand corner of any page, you are guided through the straightforward steps. You will receive an email with a login and password for direct access to your personal account. For security reasons, a new account must be re-established every six months (180 days).

Bookmarking and Default Pages

Once you have established a personal account, you can personalize access to the resources and content by creating bookmarks. Create Bookmarks by clicking on Add to My Links in the right-hand Shortcuts menu within the Country/City Career Guide.

Access Saved Bookmarks

Click on the Sign into Personal Account link and log in with your user name and password to access a list of all bookmarked pages.

You can also set any page in the collection as the default page by clicking on Set as Default Page after logging in. When you next log in, you are taken directly to that page.
