Winona State University Counselor Education Department
CE 680 – Counseling Practicum
Fall 2014 Course Syllabus
Rochester – East Hall 262
Alternating Wednesdays, 5-8pm

Instructor: Robin Alcala Saner
Winona State University – Rochester East Hall 205
(507) 285-7581
rsaner@winona.edu

Office Hours: Monday, 1-3, Tuesday 9-12
Thursday 10-2, 4-5, and by appointment

Purpose of the course:
To enhance the counseling skills and conceptualization processes acquired through direct counseling experience, supervision and classroom interaction. The course is designed to prepare counselors for the upcoming internship experience and development as independent professional counselors. The evidence provided through the quality of the course requirements, demonstration of maturity, personal insight and professional presentation as appropriate to the counseling profession, will determine the course grade.

The Counselor Education Program requires students to complete a supervised counseling practicum. Forty of those clock hours must be direct service work with appropriate clients. The remaining 110 hours provide opportunities to gain experience in the activities that a regularly employed staff member in a counseling setting would be expected to perform.

The primary intention of the counseling practicum experience is to provide growing exposure and orientation to a relevant professional setting. The responsibility of supervision is shared between the university and the practicum site supervisor. The expectation of on-site practicum supervisors is to provide ongoing guidance and orientation to graduated relevant site experiences. Requiring these clinical experiences prior to an internship placement serves to increase the depth of the practicum student's upcoming internship experience by linking counseling knowledge to relevant counseling experiences.

Course Objectives:
This course provides practical experience in school and community counseling for graduate students. Personal development and growth, consultation, ethical practice and assessment are also important components. Upon completion of this practicum the student will:

a. Critique one’s own skills and development by:
   1. Providing two audio/video recordings for class review
   2. Identifying strengths and weaknesses of one’s own counseling
3. Evaluating effectiveness of one’s own counseling techniques

b. Provide feedback to peers in a professional manner by:
   1. Pointing out strengths and weaknesses of peers’ tapes
   2. Developing alternative strategies for counseling techniques
   3. Evaluating the effectiveness of peers’ counseling
   4. Using an evaluation resource for giving feedback

c. Apply counseling skills and interventions from a variety of counseling perspectives by:
   1. Identifying specific theories used in counseling sessions
   2. Describing rationale for use of intervention in counseling situation
   3. Formulating alternative perspectives for counseling

d. Apply intervention skills with different populations such as special needs and culturally diverse populations by:
   1. Seeking out clients with special needs and cultural diversity
   2. Identifying unique needs of special needs and culturally diverse populations
   3. Describing alternative interventions to respond to unique needs

e. Demonstrate knowledge of professional ethical codes and their application in a variety of cases by:
   1. Discussing ethics exhibited at practicum sites
   2. Modeling ethical behavior while at practicum sites
   3. Describing appropriate ethical guidelines in counseling situations

f. Serve as a consultant in various situations by:
   1. Attending meetings where consultation by a counselor is appropriate
   2. Listening to the concerns of people seeking consultation
   3. Responding to the concerns with accurate and outcome based information

g. Maintain case notes, summaries, and reflective assessments of the counseling process and client’s change as required by the practicum site by:
   1. Charting immediately after each counseling session
   2. Keeping personal notes on clients if a chart is not maintained
   3. Making referrals when necessary

h. Develop an effective personal counseling style
   1. Obtaining supervision as often as possible
   2. Requesting feedback on counseling sessions
   3. Modifying techniques based on feedback and personal reflection

**Outcome Goal of Practicum Supervision:**

A goal of supervision is to help counselors learn to think about clients and their work with them, not to provide specific directives about particular clients or events in therapy, by:

a. Assisting counselors to *develop and test hypotheses* in session with the client and that all interventions are based on hypotheses about the client and the therapeutic interaction.

b. Encouraging counselors to *shift* from a performance laden stance (“Did I do this right?”) to that of curiosity (What did I learn? Was my hypothesis confirmed or not? Do I have new information that allows me to make a new hypothesis?).
c. Preparing counselors to manage the frustration and tension associated with the ambiguity of the counseling process.
d. Facilitating the counselors’ self-awareness and understanding with regard to their influence (directly or indirectly) on the counseling process and to develop skills in objective self-reflection.
e. Helping counselors to identify and develop skills not only as a counselor, but also as an advocate, educator, systems consultant, and collaborative group facilitator.

Anticipated Performance Goals:

a. To demonstrate knowledge of developmental stage level of clients.
b. To demonstrate treatment planning that matches the needs of the client.
c. To provide honest feedback to themselves and their peers for increased professional awareness and development.
d. To demonstrate professional risk taking in their reflection, understanding, and application of counseling skills.
e. To demonstrate counseling techniques that are congruent with the working theory, quality/stage of the counseling relationship, and the needs of clients/families.
f. To demonstrate ethical and professional standards consistent with the ACA/ASCA ethical guidelines and the profession of counseling in the community and school settings.
g. To fulfill the requirements of the course at a level of quality consistent with advanced graduate training and the counseling profession.

Expectations of the Learning Process:

All members of a learning community willingly share the responsibilities of gathering, synthesizing and building meaning from information and shared experience. The Instructor/Supervisor has the responsibility to aid in constructing meaningful learning opportunities that develop principles and process skills consistent with being a professional counselor.

The Instructor/Supervisor is committed to:

a. giving students as much control as possible over their own learning experiences
b. encouraging students to think critically
c. sharing personal understanding, principles and perspectives with students
d. directing students to a broad variety of readings, resources and experiences
e. clarifying concepts and application of process skills
f. helping in establishing criteria for quality work
g. providing ongoing supervision and corrective feedback

The student’s responsibility, as a counselor-in-training, is to fully engage in this course by:

a. taking control of learning
b. reading and synthesizing a broad variety of resources and experiences
c. relating information to personal experience
d. collaborating with other class members on the issues
e. making observations and asking questions
f. being professional in his/her commitments and responsibilities to clients, peers, and the university and on-site supervisors.

**Inclusive Excellence:**
WSU recognizes that our individual differences can deepen our understanding of one another and the world around us, rather than divide us. In this class, people of all ethnicities, genders and gender identities, religions, ages, sexual orientations, disabilities, socioeconomic backgrounds, regions, and nationalities are strongly encouraged to share their rich array of perspectives and experiences. If you feel your differences may in some way isolate you from WSU’s community or if you have a need of any specific accommodations, please speak with the instructor early in the semester about your concerns and what we can do together to help you become an active and engaged member of our class and community.

**Diversity Statement:**
This is meant to be a safe, welcoming, and inclusive classroom environment for students of all races, ethnicities, sexual orientations, gender identities/variances, ages, religions, economic classes, and ability statuses. As such, you will be encouraged and challenged to use language and basic counseling techniques that are respectful, inclusive, representative and culturally appropriate.

**Students with Disabilities Notice:**
Students with documented disabilities who may need accommodations, who have any medical emergency information the instructor should know of, or who need special arrangements in the event of an evacuation, should make an appointment with the instructor as soon as possible, no later than the 1st week of the term.

**Electronic Device Notice:**
As a matter of courtesy to your classmates and the instructor, please turn off your beepers, cell phones, and any other electronic devices that make any noise.

**Laptop/PDA Policy:**
Excluding students with a documented disability, the use of laptops and PDAs in class is prohibited without prior permission of the instructor.

**Academic Integrity:**
Students are expected to practice professionalism and academic integrity in all assignments and class discussions. This includes but is not limited to treating other students and the professor respectfully, engaging in meaningful class discussions, thinking and writing critically and thoughtfully, creating original works, and citing all resources using APA format. Plagiarism will result in loss of credit for this course, and further consequences may result from the university system.

**Class Visitor Policy:**
Due to the clinical nature of this course in this curriculum, visitors of any age are not allowed without prior permission of the instructor.
E-mail Policy:
You are assigned a university e-mail account that will be used by professors. Students should make every effort to get to know their account and check it regularly.

Method of Instruction
a. Lecture/discussion
b. Videotapes, films and powerpoints
c. Modeling
d. Internet-based learning
e. Case presentations with peer feedback
f. Case studies and responses to manual exercises
g. Reflective self-evaluations

Course Requirements:
1. **Attendance and Participation: (30 points)**
   Attendance and participation in classroom activities are essential in order for students to gain full benefit from this course. Students are expected to attend and contribute to the class by presenting their ideas, reactions, questions and concerns in relation to class discussions.

   **Note:** Weather will undoubtedly interfere with class at times. Make smart decisions about winter travel and consult the instructor before class time if possible regarding absences. In addition to the WSU homepage and local TV alerts, the professor will provide updates about cancellations via e-mail by 2 p.m. on the day of class. Absences due to extreme weather conditions will not result in points taken off final grade.

2. **Show proof of professional liability insurance** – This is achieved through membership in the appropriate professional organization.

3. **Identify a Practicum Counseling Site and perform in a professional manner**
   - The practicum student is required to identify (in consultation with his/her advisor and university supervisor) a practicum site for performing the counseling duties relevant to the setting (i.e. school, community). **Early in the semester, the student is required to arrange an initial on-site meeting with him/herself, the on-site supervisor(s), and the university supervisor as well as submit a Practicum Site Agreement.** It is hoped that this site may work into an internship site for the subsequent semester.
   - The practicum student will perform in a professional manner adhering to ACA/ASCA ethical standards, acting in a professional manner with site professionals as well as CE faculty, and taking appropriate responsibility for his/her learning goals.
4. **Submit Professional Learning Goals (25 points)**
   - The practicum student will be required to identify and submit professional learning goals for the course. **You will turn in 3 goals: one in each of the school counseling domains (academic, career, personal/social) as well as a self-care goal.** It is recommended that the student create goals in consultation with his/her on-site supervisor.

5. **Participate in and record a minimum of 150 hours of practicum related activities**
   - 40 hours of Direct Contact and 110 hours of Indirect Contact
     - **Direct contact hours** include direct participation in client-related volunteer activities including site programs, client activities such as play therapy, arts/crafts, social opportunities for clients, intake interviews (in person or via phone), individual or group counseling (shadowing does NOT count), classroom lessons, and testing. Co-counseling is considered direct service.
     - **Indirect contact hours** include case consultation with supervisors or peers, case notes, case management, paperwork, preparation for sessions, class attendance, supervision, research on topics related to counseling the population with whom interns work, outreach, presentation or attendance at workshops/conferences.

6. **Case presentation #1 (20 points)**
   - Early in the semester, each student will be responsible for developing a case presentation on a client they have observed with during their practicum experience. The case will include:
     - Identifying information (age, gender identity, other demographic info)
     - Presenting concerns
     - Brief overview of background related to concerns (developmental, emotional, behavioral characteristics, important relationship issues)
     - Treatment history
     - Diagnosis (if one is present)
     - Client strengths
     - Counselor concerns or questions
   - In addition to the case development, student will write a reflection paper including impressions of the case, insights, questions, and identify goals they would have for the next session.

7. **Case presentation #2 (30 points)**
   - The second case presentation will be on a client the practicum student has worked with at the practicum site. In addition to the elements in the first presentation, students will receive verbal and written feedback from peers. The will identify their strengths and weaknesses in working with the client, as well as techniques and theories that will be utilized in working with the client.

8. **Peer Supervision/Audio/Video tapes (25 points each; 50 points total)**
• Students will present audio/video cases to group supervision meetings during their practicum experience, prepared for peers to provide verbal and written feedback on the tapes.
  o Each tape must be at least 15 minutes in length.
  o A brief overview of the client’s background information with identified concerns and defined goals is to be provided along with a transcript of a 5-minute segment of the tape. Copies should be prepared prior to class.
  o The student will select three interventions that they would like feedback on, and discuss with peers ways to improve or enhance the interventions.
• Students are required to ask the group for strengths and insight into problem areas for the counselor. *Cases will consider relevant ethical issues and standards pertinent to case management.*
• Microskill development and consultation format will be graded.
• School counseling practicum students, may present a video of a group or classroom guidance lesson for feedback.

9. Audio/video tapes/transcripts (20 points)
• A transcript of 5 minutes of one of the counseling sessions will be included with the tape with skills used in the session. This will be put in D2L in the dropbox for transcripts.

*Transcript Format:*

10. **Individual Clinical Supervision (45 points)**
- The student will gradually assume the duties consistent with expectations of his/her practicum site as well as demonstrate the professionalism consistent with the profession and the ACA/ASCA Code of Ethics. A **written on-site supervisor evaluation form needs to be submitted to the university toward the end of practicum.** This process is meant to assist the intern-to-be in identifying potential internship goals.
- The student will be required to participate in weekly supervision with on-site supervisor (1 hour/week), and attend two conjoint meetings with on-site supervisor and faculty supervisor at the beginning and end of the semester. More meetings can be arranged if needed. Meeting one-on-one with faculty supervisor will be scheduled as necessary.

11. **Journal (20 points)**
The practicum student is to maintain a handwritten journal during the practicum experience. This is an opportunity to write down questions, ideas, issues, thoughts, and feelings in order to further process the practicum experience as well as provide a foundation for other assignments. The journal will be graded for completion, not content. This is an excellent springboard for discussion topics, paper ideas, and supervision questions.

12. **Maintain Practicum File:**
- Practicum student information form
- Practicum agreement
- Goals & objectives
- Proof of liability insurance
- Practicum final report
- Evaluation
- Personal reflection

13. **D2L discussion board (5 points/board; 35 points total)**
The practicum student will initiate at least one discussion topic from a reading on a topic relevant to their practicum experience. Each week a selected student or students will post a suggested reading and a corresponding discussion question. All students are required to post an original response to the question, and respond at least twice to another’s post. **The discussion topic must be posted by the Wednesday that class does not meet – this will assure everyone has a week to respond.**

14. **Submit a Final Practicum Summary Paper (50 points):**
The practicum student will submit a final summary paper (minimum of 3 pages) of his/her practicum experience discussing goals met in practicum and set for internship, identifying the professional and counseling issues addressed, what the student learned about him/herself and evaluation of self-care.
Grading:
Letter grade only. A final course grade will be determined by the student’s overall performance throughout the practicum experience. If for any reason a student does not meet the criterion set forth in this syllabus/practicum course, he/she may receive a “C” or not ready grade for internship. In this case and depending on the recommendation of the course instructor, the student may need to extend his/her practicum, drop to a professional development degree, or withdraw from the CE program. The current retention policy is outlined in the student handbook. Students will be evaluated with regard to the quality and professionalism expected of counseling professionals. Prompt attendance, reflective preparation, peer collaboration, and synthetic thinking are aspects of professional leadership and expected of students throughout the course.

Total Points Possible for Course: 325
Attendance and Participation: 30 points
Professional Learning Goals: 25 points
Peer Supervision - case presentations (2): 50 points
Case summary and reflections (2): 50 points
Transcript: 20 points
Individual Clinical Supervision – Site Supervisor Evaluation: 45 points
Journal – 20 points
D2L Discussion Boards (7): 35 points
Final Reflection Paper: 50 points

Grading scale:
350 – 315: A
314 – 280: B
Below 280: Remediation plan to continue in CED program

CACREP Standards:
Section II – Professional Identity
G. Common core curricular experiences and demonstrated knowledge required of all students in the program.

1. Professional Orientation and Ethical Practice—studies that provide an understanding of all of the following aspects of professional functioning:
   d. self-care strategies appropriate to the counselor role
   g. professional credentialing, including certification, licensure, and accreditation practices and standards, and the effects of public policy on these issues;
   j. ethical standards of professional organizations and credentialing bodies, and applications of ethical and legal considerations in professional counseling.

2. Social and Cultural Diversity
   e. counselors’ roles in developing cultural self-awareness, promoting cultural social justice, advocacy and conflict resolution, and other culturally supported behaviors that promote optimal wellness and growth of the human spirit, mind, or body
   f. counselors’ roles in eliminating biases, prejudices, and processes of intentional and unintentional oppression and discrimination

5. Helping Relationships
   a. an orientation to wellness and prevention as desired counseling goals;
   b. counselor characteristics and behaviors that influence helping processes;
   c. essential interviewing and counseling skills;
   f. a general framework for understanding and practicing consultation;
   g. crisis intervention and suicide prevention models, including the use of psychological first aid strategies.

Section III- Clinical Mental Health Counseling
Counseling, Prevention and Intervention
D. Skills and Practices

1. Uses the principles and practices of diagnosis, treatment, referral, and prevention of mental and emotional disorders to initiate, maintain, and terminate counseling.
2. Applies multicultural competencies to clinical mental health counseling involving case conceptualization, diagnosis, treatment, referral, and prevention of mental and emotional disorder
3. Promotes optimal human development, wellness, and mental health through prevention, education, and advocacy activities.
4. Applies effective strategies to promote client understanding of and access to a variety of community resources.
5. Demonstrates appropriate use of culturally responsive individual, couple, family group, and systems modalities for initiating, maintaining, and terminating counseling.
6. Demonstrates the ability to use procedures for assessing and managing suicide risk.
7. Applies current record-keeping standards related to clinical mental health counseling.
8. Provides appropriate counseling strategies when working with clients with addiction and co-occurring disorders.
9. Demonstrates the ability to recognize his or her own limitations as a clinical mental health counselor and to seek supervision or refer clients when appropriate.

Diversity and Advocacy
F. Skills and Practices

3. Demonstrates the ability to modify counseling systems, theories, techniques, and interventions to make them culturally appropriate for diverse populations.
Assessment
H. Skills and Practices
1. Selects appropriate comprehensive assessment interventions to assist in diagnosis and treatment planning, with an awareness of cultural bias in the implementation and interpretation of assessment protocols.
2. Demonstrates skill in conducting an intake interview, a mental status evaluation, a biopsychosocial history, a mental health history, and a psychological assessment for treatment planning and caseload management.
3. Screens for addiction, aggression, and danger to self and/or others, as well as co-occurring mental disorders.
4. Applies the assessment of a client’s stage of dependence, change, or recovery to determine the appropriate treatment modality and placement criteria within the continuum of care.

Diagnosis
L. Skills and Practices
1. Demonstrates appropriate use of diagnostic tools, including the current edition of the DSM, to describe the symptoms and clinical presentation of clients with mental and emotional impairments.
2. Is able to conceptualize an accurate multi-axial diagnosis of disorders presented by a client and discuss the differential diagnosis with collaborating professionals.
3. Differentiates between diagnosis and developmentally appropriate reactions during crises, disasters, and other trauma-causing events.

Section III- School Counseling
Counseling, Prevention and Intervention
D. Skills and Practices
1. Demonstrates self-awareness, sensitivity to others, and the skills needed to relate to diverse individuals, groups, and classrooms.
2. Provides individual and group counseling and classroom guidance to promote the academic, career, and personal/social development of students.
3. Designs and implements prevention and intervention plans related to the effects of (a) atypical growth and development, (b) health and wellness, (c) language, (d) ability level, (e) multicultural issues, and (f) factors of resiliency on student learning and development.
4. Demonstrates the ability to use procedures for assessing and managing suicide risk.
5. Demonstrates the ability to recognize his or her limitations as a school counselor and to seek supervision or refer clients when appropriate.

Diversity and Advocacy
F. Skills and Practices
1. Demonstrates multicultural competencies in relation to diversity, equity, and opportunity in student learning and development.
2. Advocates for the learning and academic experiences necessary to promote the academic, career, and personal/social development of students.
3. Advocates for school policies, programs, and services that enhance a positive school climate and are equitable and responsive to multicultural student populations.
4. Engages parents, guardians, and families to promote the academic, career, and personal/social development of students.

Assessment
H. Skills and Practices
1. Assesses and interprets students’ strengths and needs, recognizing uniqueness in cultures, languages, values, backgrounds, and abilities.
2. Selects appropriate assessment strategies that can be used to evaluate a student’s academic, career and personal/social development.
3. Analyzes assessment information in a manner that produces valid inferences when evaluating the needs of individual students and assessing the effectiveness of educational programs.
4. Makes appropriate referrals to school and/or community resources.
5. Assesses barriers that impeded students’ academic, career, and personal/social development.

Research and Evaluation
J. Skills and Practice
   1. Applies relevant research findings to inform the practice of school counseling.
   2. Develops measurable outcomes for school counseling programs, activities, interventions, and experiences.
   3. Analyzes and uses data to enhance school counseling programs.

Academic Development
L. Skills and Practice
   1. Conducts programs designed to enhance student academic development.
   2. Implements strategies and activities to prepare students for a full range of postsecondary options and opportunities.
   3. Implements differentiated instructional strategies that draw on subject matter and pedagogical content knowledge and skills to promote student achievement.

Collaboration and Consultation
N. Skills and Practice
   1. Works with parents, guardians, and families to act on behalf of their children to address problems that affect student success in school.
   2. Locates resources in the community that can be used in the school to improve student achievement and success.
   3. Consults with teachers, staff, and community-based organizations to promote student academic, career, and personal/social development.
   4. Uses peer helping strategies in the school counseling program.
   5. Uses referral procedures with helping agents in the community (e.g., mental health centers, businesses, service groups) to secure assistance for students and their families.

Leadership
P. Skills and Practices
   1. Participates in the design, implementation, management, and evaluation of a comprehensive developmental school counseling program.
   2. Plans and presents school-counseling-related educational programs for use with parents and teachers (e.g., parent education programs, materials used in classroom guidance and advisor/advisee programs for teachers).
