

EDUCATIONAL PLANS CERTIFICATION

We are requesting information regarding your educational plans at WSU before we can determine your eligibility for financial aid. The following Federal Regulations apply to students who have completed a bachelor's degree:

In order to be eligible for federal aid, a student must be enrolled as a regular student in an eligible program for the purpose of obtaining a degree or certificate offered by WSU.

A student with a bachelor's degree who is completing course work for a second undergraduate major, for which they will not receive a second bachelor's degree, is not eligible for federal aid.

A student who holds a student status of "Post Baccalaureate" and is not accepted as a degree candidate for a second undergraduate degree is not eligible for federal aid.

A student enrolled in a teacher certification or recertification program is considered the same as a fifth year undergraduate student. The courses must be required for the teacher certification program in order to be funded with federal aid.

To receive funding as a graduate student, a student must be admitted as a degree candidate in a graduate program (please refer to the current graduate catalog for requirements). A student who is admitted to WSU as a "special graduate" is not eligible for federal or state financial aid.
