### Technical Assistance:

Qualified technicians are on-site to handle any technology-related issues. Repair issues vary widely from simple computer “glitches” and “bugs” to more severe equipment failures. If an immediate fix cannot be found for your problem, an alternative solution may be offered.

Our technicians are generally available in GL 118 for walk-in support. If you are unable to come to GL 118, please call the help desk at ext. 335240 when dialing from a campus phone, or toll free at 1-800-657-3870. Our Help Desk technicians are able to resolve a majority of issues over the phone. To ensure efficient support, calling the Help Desk is the preferred method. If the Help Desk technicians are unable to resolve the issue over the phone, they will contact a local Rochester technician who will contact you and work to resolve your issue in a timely manner.

The Technical Support Center, located on the first floor of the Goddard Library (GL)100 provides technical support for all non-ITV classrooms. They can be reached at ext. 5555 when dialing from a campus phone, or at 507-536-555 when dialing from an off campus phone. For ITV classroom support, please contact Jim Nygaard at 507-535-3993. Many classrooms have a “Request Help” button on the media control panel at the front of the classroom.

### Technical Assistance for Personal Laptops:

WSU provides minimal support for personally owned laptops. Tech support cannot install WSU licensed software on personally owned laptops. All WSU software is available on the computers in the Learning Technology Center on the third floor of the Goddard Library or on WSU leased laptops.
Star ID and Password Vs. Network Username and Password:
There are two sets of unique credentials assigned to each student enrolled at WSU.

The first credential a student receives is their Star ID and password. These are assigned to the student when he or she has been accepted to the university. The Star ID and password provides access to student e-Services to access registration, financial aid, tuition statement, transcripts and other student services needs. The Star ID is provided in the Welcome letter from WSU-Rochester. Students can activate their Star ID by going to https://starid.mnscu.edu/ and clicking on “Activate Star ID”.

The second credential a student receives at WSU is their network username and password. Students may contact the help desk to lookup their network username and password, or to reset their password. A student’s e-mail address is simply, ‘username@winona.edu’.

The network username and password are used to login to the following network resources:

- Campus computers and laptops.
- WSU web-mail
- MyWSU Portal
- Desire2Learn (D2L)

WSU Computer Labs on the campus:
There are three computer labs available to WSU students:

1. **Learning Technology Center (LTC)** – the main computer lab available to all WSU students and shared with RCTC students is located on the third floor of the Goddard Library. There are over 100 computers in this lab. There are also five laptops available for WSU students to check out at the front desk of the LTC. These laptops are checked out on a first come, first serve basis and are for exclusive use by WSU students. They can be used anywhere within the Goddard Library. They must stay in the library and be returned by the end of the day.

2. **Graduate Studies Lab (East Hall-EA 235)** - This lab is for the exclusive use of WSU graduate students. There are three computers in this lab, loaded with the same software as the laptop carts computers. This lab is open whenever the campus is open. For security reasons, this lab requires a special access card to gain entry. Graduate students interested in using this lab must request an access card - graduate nursing students should contact Carolyn Ryno in EA 129 and graduate students in education, educational leadership and counselor education should contact Sue Parks in EA 201. There is a network printer in EA 235 available for use by graduate students. Printing from this printer does count towards your overall print quota.

3. **Computer Science Student Lab (Singley Hall-SH 101)** - This lab is only available for use by WSU computer science students. The computer systems are loaded with software specifically licensed to the computer science department. This lab also requires a security access card available from the WSU Technical Support office in GL 118.

Wireless Networking on the Campus:
A secure wireless network has been setup on the campus for usage by WSU students, faculty, and staff. The name (SSID) of this network is **warrior**. This network allows students to print wirelessly from their laptops as well as securely access other WSU network resources. Students who participate in the eWarrior: Digital Life and Learning Program can automatically connect to the **warrior** wireless network. Students with personally owned laptops may also connect to the **warrior** wireless network if they meet the following requirements (continued on next page):

1. **Minimum Laptop Requirements for PC**
a. Must be an “Admin” on the laptop
b. 802.11x versions G, N or AC Wireless card
c. Windows 7 Home Premium or better
d. Internet Explorer 10 or better
e. Firefox 29 or better
f. RAM – 3GB or better
g. Processor speed Core i3 or better

2. **Minimum Laptop Requirements for Macintosh**
   a. Must be an “Admin” on the laptop
   b. 802.11x versions G, N or AC Wireless card
   c. Mac OSX Mt. Lion operating system or better
d. Safari 5.0 or better
e. Firefox 29 or better
f. RAM – 3GB or better
g. Processor speed Core i3 or better

3. **Antivirus Requirements for Both PC and Macintosh must have a current subscription to one of the following:**
   a. Norton (Symantec) Antivirus
   b. Kaspersky Antivirus
c. MacAfée Antivirus
d. Webroot Antivirus
e. Microsoft Security Essentials

If students with personally owned laptops meet the above requirements, they must setup an appointment with the IT Staff in Rochester to have the connection to the **warrior** wireless network setup on your laptop. WSU will provide minimal assistance on personal devices. Additional assistance may incur a service charge.

**Public Printing on the Campus:** Five network printers have been installed to allow students to print directly from their laptops. Students must first be connected to the warrior wireless network and have the selected printer installed on their laptop. Students who are participating in the eWarrior Program can add these printers through the usual “add network printer” process on a PC and the Printing Additions folder on a Mac. Students with personally owned laptops can print to the public printers if they have had the warrior wireless network setup on their laptops. Students must come see the WSU IT department in GL118 to have the public printers installed on their laptop. Public printers are located in the following locations:

LIBRARY SERVICES
WSU-R library holdings are integrated into Goddard Library. WSU-R and RCTC share support and usage of the library. This partnership enables students and faculty to access an extensive resource of reference and research materials.

WSU has allocated funds to purchase books, periodicals, and electronic resources to meet student and faculty needs. These materials are merged with about 95,000 books and non-print materials, 350 printed periodical titles, and about 13,000 electronic periodical titles. Collection holdings are cataloged into the MnPals on-line catalog which includes access to all MnSCU library holdings and is searchable by individual library. A listing of periodicals housed is available by searching the “List of Journals” under the “Find Articles“ tab on the Goddard Library website. The library maintains an active website with many professional, full-text materials and e-books available from your home, office or classroom via a browser. The library website is [www.roch.edu/library](http://www.roch.edu/library).

Remote access to Article Databases can be achieved by obtaining a library card at the Circulation Desk and following the remote access information instructions on the Goddard Library web pages. This card is also used for interlibrary loan. The Krueger Library (located in Winona) databases can be accessed via Krueger web pages using your WSU email user name and password. Library materials can be transferred overnight from Krueger Library to Goddard Library using interlibrary loan. To check out library materials, you must have an ID card which will act as a library card. Warrior ID cards are made at the circulation desk in Goddard Library. Your ID photo will be taken in the library, and an ID card will be made while you wait. This card will also have your Warrior ID number on it, which you will need for various other uses on campus. **PROCTORING SERVICES**

The Proctoring Services area is located in Atrium Area, 2nd floor (AT) 209. RCTC and WSU are now offering testing services in a secure, quiet environment for students who cannot take a scheduled class exam. This has proven to be a valuable service as it is sometimes difficult to coordinate a time when students and instructors can meet for a monitored exam outside of class. In addition, students taking online or traditional courses at institutions other than RCTC and WSU may also arrange for testing times. The Proctoring center also offers CLEP, DSST and Kryterion testing.

To schedule an exam time, students should contact LeaAnn Kunz at 507-536-5603 at least one day in advance. **NOTE:** Drop-in services cannot be accommodated. This means that instructors cannot drop off exams and have students drop in during testing hours to take an exam without making an appointment.

**Hours:** Monday - Thursday from 8:30 a.m. - 4:00 p.m. **Students must contact the proctor at least 24 hours prior to taking any exams. No drop in testing will be accommodated.**
SECURITY
Employees and students are strongly encouraged to report crimes immediately. To report a crime or suspicious circumstance in progress or medical emergencies, call 911. Otherwise, contact campus security at 507-285-7262.

“Emergency Code Blue Light Button Poles” can be used in an emergency to contact RCTC Security. The emergency poles are intercom connections activated by pushing a button.

SECURITY ESCORT
Our campus has made every effort to illuminate its parking lots at night. However, caution should be used when leaving an evening class or event. Anyone wishing an escort to their car should call Campus Security at 507-285-7262.

SPORTS CENTER FIELDHOUSE
WSU-Rochester students may use the Fitness Center in the Sports Center Fieldhouse at no additional cost. You will also be required to present your student ID picture with your pass in the Fitness Center.

To use the Fitness Center you must first watch a 55 minute video and successfully pass a 10 question quiz on the usage, safety and policies of the Fitness Center. You will first be prompted to enter your 14 digit barcode from the back of your current ID card. Once you have successfully completed the quiz you will be eligible to use the Fitness Center. Click here to register and watch the video and take the quiz Fitness Center Video and Quiz (http://www.roch.edu/app/sc/quiz/)

RCTC EMERGENCY ALERT SYSTEM
RCTC's emergency notification system makes it possible for students, employees and community members to receive quick notifications by text, phone and email for campus emergencies that threaten life or safety and/or severely impact standard campus operations. The RCC Emergency Alert system will only be used in emergency situations.

Non RCTC students and employees may sign-up to receive RCTC Emergency Alerts. If you wish to receive alerts as a text message for, a phone message or at an email address, you need to set up an account by using an e-mail address as a user ID. You will need to establish a password for this account (must be at least 8 characters, include 1 lower-case letter, 1 capital letter and 1 number and no spaces or special characters). Go to this website to sign up https://rctc.bbcportal.com/
STUDENT LIFE

Student Life activities on the WSU-Rochester campus complement the WSU-R academic programs and services by providing opportunities and experiences that enrich the student experience and enhance the students’ overall development. Studies have shown that students who get involved in student life activities develop excellent leadership skills and tend to do better in the classroom. In collaboration with the WSU-Winona campus and Rochester Community and Technical College, WSU-Rochester offers students a selective offering of activities and leadership opportunities available on the campus and in the Rochester community.

Activities are developed in collaboration with WSU-Rochester Students and provided by Student Activity Fee funding. Information on events and activities are publicized on campus and communicated to all WSU-Rochester students via email, student life website and on the WSU-R Events Calendar.

Information on all campus activities is available through the WSU-R Student Life website: http://www.winona.edu/Rochester/studentlife.asp or through the Student and Campus Services Office in Student Services (SS) 128 on the campus by calling 507-285-7100 or email rochscs@winona.edu. All university-sponsored events are alcohol-free whether held on or off campus.

TUTORING SERVICES

WSU Tutoring Services collaborates with the Learning Center to provide academic assistance in a variety of subjects. Currently, tutoring is provided by both Peer and Master Tutors. Online tutoring is also available. Details are available at www.winona.edu/tutoring. Questions, concerns or comments should be directed to Jill Quandt, Tutoring Services Coordinator at 507-457-5680 or jquandt@winona.edu.

WEATHER/EMERGENCY CLOSINGS

During periods of inclement weather or other emergencies, faculty, staff and students are responsible for monitoring community announcements of school closings or delays on local media to listen for announcements regarding the delay or cancellation of classes or activities or the closing of the University Center Rochester, and then stay tuned for further updates. Whenever possible, the decision to close the campus, have a delayed opening, or cancel day classes will be made prior to 6:00 a.m. Special attention will be given to night classes as many of our evening students and staff travel considerable distances. Whenever possible, the decision to cancel evening class will be made by 2:00 p.m. Emergency cancellations and closings are posted on the www.winona.edu website and Rochester local radio and TV stations.
