WINONA STATE UNIVERSITY
NOTIFICATIONS

Department Department of Mathematics and Statistics Date January 21, 2014

If the proposed curricular change involves existing courses and is considered a Notification, complete and submit this form. Refer to Regulation 3-4, Policy for Changing the Curriculum, for complete information on submitting proposals for curricular changes.

Please check type of change(s):
- Reduction in course number
- Change in grading option
- Change in hours or credits in an independent study course
- Change in course title
- Change in course description
- Change in existing major, minor, option, concentration, etc.
- Change in prerequisites
- Change in course number within level, e.g. 310 to 350
- Change in delivery method

X Creation of new prefix for data science courses, major, and minor

A. Current Course Information

From: Chris Malone, Dept. contact for proposed data science major and minor
Brant Deppa, Chairperson of Dept. of Mathematics and Statistics

Re: DSCI course designation

Date: January 21, 2014

The Department of Mathematics and Statistics is submitting a proposal for new courses, a major, and a minor in data science. We ask that a new prefix for data science be created. The DSCI prefix is our preference. Lori Beseler has confirmed that the DSCI prefix designation is possible.

Relevant

Department: Mathematics & Statistics Date January 20, 2014

Title of Program: B.S. – Data Science (DSCI)

This is a new: X Major X Minor ______ Concentration ______ Option ______ Other (explain)

Proposed Major/Minor Code: DSCI

This proposal is for a(n) X Undergraduate Program ______ Graduate Course

Cc: Charla Miertschin, Dean, College of Science and Engineering
January 27, 2014

To: Chris Malone, Mathematics and Statistics Department

From: Narayan Debnath, Computer Science Department

Re: Data Science Major and Minor Proposal

The Department of Computer Science (CS) endorses the Data Science major and minor as proposed by the Math/Stat department. CS department will be able to accommodate future students in the required and elective courses specified in this proposal.

The CS department is highly excited about this new major and minor, and appreciates the active collaboration that Math/Stat and CS have demonstrated while preparing the proposal for such a major/minor at WSU. Moreover, CS department will be pleased to maintain an active partnership towards the success of this new major/minor and will work closely with Math/Stat department in the future.

Sincerely,

Narayan Debnath, Chair
Department of Computer Science

CC: Brant Deppa, Chair, Mathematics and Statistics Department
    Charla Miertschin, Dean, College of Science & Engineering
Present: Ioyati Debnath, Brant Deppa (chair), Jeff Draskoci-Johnson, Eric Errthum, Tisha Hooks, April Kerby, Steve Leonhardi, Chris Malone, Mike Markegard, Barry Peratt, Sam Schmidt, Samuel Tsegai, Aaron Wangberg, Nicole Williams, Lee Windsperger

New Business: Note: All of the items below were considered after the department waived the 40-hour rule without objection.

Motions from the Statistics Subgroup
1. STAT 100 – new course proposal and GEP proposal
   The new STAT 100 course proposal and GEP proposal were approved without objection.

2. New program: B.S. Data Science (DSCI) major, minor, and courses
   (i) The department approved two versions of the major, both without objection. The Math department indicated a preference for Version 2, but voted to accept Version 1 if Computer Science preferred that one. Chris was directed to submit whichever one Computer Science preferred. (Their discussion was still pending as of our meeting.)
   (ii) The minor was approved without objection, also with the understanding that Computer Science might want to edit certain courses in the elective list.
   (iii) All new courses associated with the proposed data science major were approved without objection. These include DSCI 210, DSCI 310, DSCI 395, DSCI 488, DSCI 492, and DSCI 495.
   (iv) The notifications for the conversion of STAT 325 to DSCI 325 and STAT 425 to DSCI 425 were approved without objection.

3. Program revisions: B.S. Statistics (STAT) major, minor, and courses
   (i) All revisions, both to the major and to the minor were approved without objection.
   (ii) STAT 395 and STAT 495, i.e. the analogous courses to DSCI 395 and DSCI 495, were approved without objections.

Supporting documentation for items 1 – 3 above were sent to the department by Tisha Hooks (STAT 100) and Chris Malone (DSCI and STAT programs) via e-mail (01/22/14).

4. Notifications re: STAT
The following notifications seek Departmental approval. 1) In Spring, 2013, the department voted to make STAT 310 the prerequisite for a number of upper-division STAT courses. Either this paperwork was not submitted, or got lost. 2) The note in the course description for STAT 305 was corrected to read STAT 305 instead of Math 305. 3) A notification to edit course description slightly and to allow ECON 222 to serve as a possible prerequisite for STAT 310. 4) Include DSCI 210 as a prerequisite for STAT 370.
   The department approved the submission/resubmission of all of these notifications.

5. Notifications re: MATH courses
The following notifications were submitted for departmental approval. (i) A change in course title for MATH 112 from "Modeling with Functions" to "Applied Precalculus" (ii) A change in the catalog description of MATH 112. (See the catalog language at the end of these minutes.) (iii) A change in number for MATH 140 to MATH 132 AND a change in prerequisites from "MATH 112 - Modeling with Functions, MATH 115 - College Algebra, or MATH 120 - Precalculus" to "MATH 112 – Applied Precalculus, MATH 115 - College Algebra, or MATH 120 - Precalculus" (iv) A change in the catalog description of MATH 132. (See the catalog language at the end of these minutes.)
   The department approved all of these changes without objection.

6. Proposal re: MATH 117 from Steve, Barry, and Jeff
The department approved without objection the proposal to submit MATH 117 as a new course and also the proposal to submit it as a GEP course under Goal 4.
   Since the Math Subgroup had not had a chance to vote on the committee's work, the department waived normal procedures without objection. (The documents were handed out in the meeting.)

Secretary's note: If there is any confusion at to what, exactly, the department agreed to in Items 1-6 above, I can supply copies of the A2C2 paperwork upon request. Summaries of the proposals re: data science and statistics are attached below.

7. Adjourn
We adjourned about 12:50 p.m.

Respectfully submitted,
Jeff Draskoci-Johnson
