What are the Most Critical Challenges Your Organization Faces?

- Developing Next Generation Leaders
- Attracting and Retaining Talent
- Competing Globally

“It’s critical to develop quality training strategies to keep multi-generational workforce engaged and productive.”

— Dr. Linda Kingston, VP ACE, Winona State University

— Global Leadership Forecast 2018, Development Dimensions International (DDI)
What are the Top Workplace Learning Trends?

"Leadership and learning are indispensable to each other."
— John F. Kennedy
Why Do Soft Skills Matter?

77% of employers say soft skills are just as important as hard skills for organizational success.

“Soft skills are essential to survive and succeed in personal, professional, and social life.”

— Professor M.S. Rao

#1 Priority should be training for soft skills.
