Course Expectations and Requirements:

Being prepared for class by reading the assigned material is also part of your professional preparation. Assignments are expected on time. If for some reason, a student has difficulty meeting the course expectations, the student is responsible for notifying the instructor immediately to work out an alternate plan if agreed upon by the instructor and the student. Only in the event of extenuating circumstances are assignments accepted late for full credit. Late assignments without instructor permission will result in a reduction in the grade.

Attendance and Class Participation (70 pts.)

Students are required to attend all class sessions and be an active and engaged learner. The expectation is that you come to class prepared by having read the assigned chapters or articles and participated in online discussions within the assigned time frame. Failure to attend class or meet these expectations will result in a reduction in your grade. If you need to miss a class due to an illness or emergency, you are expected to contact the instructor before class or as soon as possible. You will also be responsible for following through on your volunteer hours.

Inclement weather may interfere with class. Always use your best judgment when determining if it is safe to travel. The instructor will notify students of cancellation by 2pm the day of class. Notifications will be made via D2L announcements, the WSU homepage, and WSU email.

Assignments, Quizzes & Tests

Assignments are expected on time. If for some reason, a student has difficulty meeting the course expectations, the student is responsible for notifying the instructor immediately to work out an alternate plan if agreed upon by the instructor and the student. Late assignments without instructor permission will result in a reduction in the grade. All assignments will be placed in the D2L dropbox unless otherwise indicated by the professor.

1. Online discussions (70 points)
Each student will be responsible for posting a question for discussion, based on a chapter in the Abramsky book. All students must participate in each discussion in a thoughtful and timely manner. Participation goes beyond simply responding to the question, but includes reading other posts and providing insight and feedback where appropriate.

2. Personal Beliefs Statement (20 points)
This 2-3 page statement should outline your motivations for choosing the counseling field. Answer the following questions as you write.
1. What cultural identities, values, and experiences led you to consider a career in counseling?

2. Why do you view counseling as an important field today?

3. What are your thoughts about how people change?

4. What counseling settings and or populations do you think you are interested in serving? Why?

5. What skills do you believe you already possess that will help you in this field? What skills do you hope to gain from this program?

Your paper may be written in the first person, and you are not required to include references, however, utilize your best writing skills to create a personal and professional paper about why you chose the counseling profession. If you choose to include references, you must adhere to APA style. Format utilizing APA (font, margins, running head, page number).

3. Interview Professional Counselors (50 points)

Students will interview in person (face-to-face) both a professional clinical/mental counselor and a professional school counselor about the role of professionals and changes and important issues within the field. The professional must have received his/her training and education as a counselor in a program similar to the Counselor Education program. That means they must have a Master’s degree in counseling and work in counseling setting appropriate for someone completing of this program. You may not interview a family member or close friend for this assignment.

You are to write a reaction paper to the interviews, indicating issues that raised salience for you about the counseling profession, training, the role of the counselor, how the two similarly trained professionals interface and current issues within the field. The paper should reflect your awareness of the profession and role as a counselor as opposed to a summary of the interviews, with a comparison and contrast of the two roles. This paper is not a summary of the interviews but your REACTION to it. I am looking for your “inner dialogue” of the interviews. This paper should be 6-10 pages in length in APA format.

You must obtain informed consent from the professional you are interviewing and submit the signed form to the professor with your assignment. Any papers submitted without the consent form will receive a failing grade. An informed consent document is included in course content on D2L.

You will share your experience in class in a 5-minute presentation utilizing 2 powerpoint slides.

4. Candidacy forms (10 points) An important part of your professional journey is the completion of all necessary components of the program, meeting with your advisor, and asking important questions. We will review the handbook during class, and you should have your form completed this semester so you may move on through the program as planned.
5. Advocacy project (150 points)
As counselors and agents of social change, we impact the community and the profession in a variety of ways. Our voices and knowledge create change for our profession and for our clients. Our class will focus advocacy efforts with the homeless population.

a. We will be collaborating with IHN to learn about the local needs of homeless families, and you will be required to spend a minimum of 10 hours volunteering with the organization. The staff will come to class and teach you about their organization and roles you may fill as a volunteer. You track your hours and it is recommended that your journal your experience. You will be expected to adhere to the guidelines of the organization and our profession. (50 pts.)

b. Students will develop an advocacy project related to poverty and homelessness. You may work individually, in pairs or in small groups. The project can involve a variety of types of activities that would be considered advocacy (e.g., additional volunteer work, developing a brochure, writing letters, visiting legislative leaders, creating a new resource, etc.). Your project may be directly related to IHN, or you may choose to outreach to another organization. Your project may involve creating a plan, or implementation of a plan. We have some funding available to enhance your volunteer experience and advocacy. You will share your advocacy project in class. (50 pts.)

c. The final part of this assignment will be the development of a newsletter, with each person submitting an article and some photos of your experiences. We will work with Google docs to create a cohesive product. Our newsletter will be sent out with the CED newsletter so we can share the expertise we have gained. (50 pts.)

6. Exams (50 points each)
The will be two exams that will test students’ knowledge of the various topics in counseling discussed in class lectures and the Neukrug text. The exams will be multiple choice, you will be allowed to use your text, and they will be time-limited.

7. Final (20 points)
The final will be on December 7 at the IHN location. Please dress comfortably as we will be working on site.

8. Attendance at Capstone Presentations (Required, 10 participation points)
Wednesday, December 9 – 5:00 p.m. to 8:00 p.m.
