

**SUGGESTED SAMPLE SEQUENCE for ELEM Majors: K--- 6 --- Page 2**

**Note:** Students typically apply for admission to the program in semester 3 and start the professional education sequence in semester 4. Therefore, semesters 1---3 course sequence below can flex as needed, unless otherwise noted. Students complete all Goal area requirements(GEP) before the end of semester 4 to avoid scheduling conflicts with teacher licensing coursework in the remaining semesters. Goals 1 --- 10 require a minimum of 40 total credits. One course can meet two (2) goal areas. See website for up---to---date information.
