

Winona State University Graduate Programs in Nursing

Elective Definition and Tentative Schedule of Offerings

Definition of Electives for Use in Doctor of Nursing Practice Programs

An elective for use in any Doctor of Nursing Practice Program is “any graduate level course (3 credits preferred) that the graduate advisor approves”. (GC: November 10, 2014)

YEAR	SEMESTER	COURSE NUMBER AND TITLE
2021 - 2022	Fall 2021	*NURS 616 – Molecular/Genetics & Immune Mechanisms
	Fall 2021	*NURS 618 - Advanced Pathophysiology
	Fall 2021	*NURS 652 – Financial Resource Management in Nursing Services
	Fall 2021	*NURS 653 – Human Resource Management
	Fall 2021	*NURS 669 – Nursing Education: Theory and Research
	Fall 2021	NURS 735 – Topics in Palliative Care
	Fall 2021	*NURS 738 – Contemporary Topics in Leadership
	Spring 2022	*NURS 616 – Molecular/Genetics & Immune Mechanisms
	Spring 2022	*NURS 618 - Advanced Pathophysiology
	Spring 2022	*NURS 651 – Project Management
	Spring 2022	*NURS 654 – Structure and Design of Nursing Services
	Spring 2022	*NURS 670 – Nursing Education: Curriculum & Program Design
	Spring 2022	*NURS 671 – Nursing Education: Instruction and Evaluation
	Spring 2022	NURS 733 – Global Health
	Summer 2022	NURS 604 – Health Policy
	Summer 2022	*NURS 609 - Psychopharmacology
	Summer 2022	*NURS 616 – Molecular/Genetics & Immune Mechanisms
	Summer 2022	*NURS 618 - Advanced Pathophysiology
Summer 2022	NURS 737 – Integrative Therapies	
Summer 2022	*NURS 747 – Procedures for APRNs	
2022 - 2023	Fall 2022	*NURS 616 – Molecular/Genetics & Immune Mechanisms
	Fall 2022	*NURS 618 - Advanced Pathophysiology
	Fall 2022	*NURS 652 – Financial Resource Management in Nursing Services
	Fall 2022	*NURS 653 – Human Resource Management
	Fall 2022	*NURS 669 – Nursing Education: Theory and Research
	Fall 2022	*NURS 738 – Contemporary Topics in Leadership
	Spring 2023	*NURS 616 – Molecular/Genetics & Immune Mechanisms
	Spring 2023	*NURS 618 - Advanced Pathophysiology
	Spring 2023	*NURS 651 – Project Management
	Spring 2023	*NURS 654 – Structure and Design of Nursing Services
	Spring 2023	*NURS 670 – Nursing Education: Curriculum & Program Design
	Spring 2023	*NURS 671 – Nursing Education: Instruction and Evaluation
	Spring 2023	NURS 737 – Integrative Therapies
	Summer 2023	*NURS 609 - Psychopharmacology
	Summer 2023	*NURS 616 – Molecular/Genetics & Immune Mechanisms

	Summer 2023	*NURS 618 - Advanced Pathophysiology
	Summer 2023	*NURS 747 - Procedures for APRNs
	Summer 2023	*NURS 739 - Learning about Teaching: Application of Nsg Education
2023-2024	Fall 2023	*NURS 616 - Molecular/Genetics & Immune Mechanisms
	Fall 2023	*NURS 618 - Advanced Pathophysiology
	Fall 2023	*NURS 652 - Financial Resource Management in Nursing Services
	Fall 2023	*NURS 653 - Human Resource Management
	Fall 2023	*NURS 669 - Nursing Education: Theory and Research
	Fall 2023	NURS 735 - Topics in Palliative Care
	Fall 2023	*NURS 738 - Contemporary Topics in Leadership
	Spring 2024	*NURS 616 - Molecular/Genetics & Immune Mechanisms
	Spring 2024	*NURS 618 - Advanced Pathophysiology
	Spring 2024	*NURS 651 - Project Management
	Spring 2024	*NURS 654 - Structure and Design of Nursing Services
	Spring 2024	*NURS 670 - Nursing Education: Curriculum & Program Design
	Spring 2024	*NURS 671 - Nursing Education: Instruction and Evaluation
	Summer 2024	*NURS 609 - Psychopharmacology
	Summer 2024	*NURS 616 - Molecular/Genetics & Immune Mechanisms
	Summer 2024	*NURS 618 - Advanced Pathophysiology
Summer 2024	*NURS 747 - Procedures for APRNs	

Schedule is subject to change based on sufficient enrollment and faculty resources

***Regularly Scheduled Courses That Can Be Taken as Electives in Doctor of Nursing Practice Programs, provided the class is not required course in that program.**

In addition to the courses listed above, students may consider courses in other graduate program courses as electives if the elective supports the student's plan of study. Students propose electives in consultation with their advisor and the course instructor. All courses are offered either fully online or online with synchronous seminars 3 - 4 times per semester.

Curriculum Committee Approved: 09/27/2021
