PROCEDURE:

The appointment of faculty to a graduate faculty status will be made upon recommendation of the department and approval of the College Dean and the Dean of the School of Graduate Studies.

Following recommendation of the department, the department chair or program director has the following responsibilities:

1. At the beginning of each school year, submit a list of additional faculty who meet the requirements for DOCTORAL FACULTY STATUS, GRADUATE FACULTY STATUS I and GRADUATE FACULTY STATUS II to the College Dean and the Dean of the School of Graduate Studies. Note that those that meet the criteria for DOCTORAL FACULTY STATUS also meet the criteria for GRADUATE FACULTY STATUS I and GRADUATE FACULTY STATUS II.

2. Graduate Faculty Status II recommendations must be received in the School of Graduate Studies no later than four weeks prior to the start of the graduate course taught. The Department must submit a Request For Faculty To Teach Graduate Courses form for each course to the College Dean.

   - Once approved for a course, faculty need not apply for approval each time the course is taught. However, all Graduate Faculty approvals will expire after seven years and faculty must reapply for the purpose of updating the documentation related to continued status. The School of Graduate Studies may approve faculty to teach a course for one semester only or for other periods of time which are shorter than the seven year limit.
