Elementary (K-5) Middle School (6)

I. INTRODUCTION: TEACHER INDUCTION PROGRAM

Winona State University (WSU) and Independent School District 535 are joint participants in a Graduate Induction Program for grades K-6 in the Rochester Public Schools. The program is currently designed for up to 16 graduate Residents who may be placed at elementary or sixth-grade middle school sites.

II. RATIONALE for COLLABORATIVE EFFORTS of WSU/ROCHESTER PUBLIC SCHOOLS

The program is designed to assist first year teachers with challenges unique to entry into the profession of education. Central to program effort is the exchange of services made possible by placing fully licensed Residents in Rochester K-6 classrooms, thus freeing selected classroom teachers to work as full-time Clinical Coaches in mentoring roles.

Residents complete a Master of Science in Education through a sequence of course work and field components during a period including Summer Sessions I and II, 2019, the 2019-2020 school year and Summer Sessions I and II, 2020. The Residents will be compensated up to \$11,000 and provided a tuition waiver for 32 graduate credits. The total compensation package will be subject to federal and state income tax withholding.

Checklist for Graduate Resident Application:
