### In Support of DACA and Dreamers

*Whereas*, the Deferred Action for Childhood Arrivals (DACA) has been rescinded by the current executive administration

*Whereas*, Students attending Winona State University may be directly or indirectly affected from the ramifications of rescinding DACA

*Whereas*, The Winona State University President, President Olson has issued a written statement solidifying the University's commitment to supporting all students who may be impacted by the absence of DACA

*Whereas*, The Winona State University Student Senate President, President Reimler has written a letter of support for DACA recipients

*Whereas*, Winona State University has been committed to providing an inclusive and welcoming environment to all students regardless of immigration status

*Therefore be it resolved*, that WSUSS continue to visibly advocate for DACA recipients and other community members who may be affected by possible changes in immigration policy

*Be it further resolved*, that WSUSS recommends that WSU continually update their legal resources for students who might encounter barriers related to their immigration status, as well as making the resources more visible and accessible online to community members who need them
