Meal Swipe Donation Program

Whereas, food insecurity is an issue that many college students face,

Whereas, a meal swipe donation program would provide a stable source of meals,

Whereas, some students on a block plan do not use all of their meal swipes each semester,

Whereas, the Warrior Cupboard and Chartwells are willing to help facilitate meal swipe donation drives,

Whereas, the dining dollars donation initiatives have been successful in past semesters,

Whereas, financial policy would support a meal swipe donation program,

Whereas, technological systems would allow for the transferring of meal swipes,

Therefore be it resolved, WSUSS recommends that a Meal Swipe Donation Drive be held at the end of each semester beginning with fall semester 2021.
