In Support of an Education Village Shuttle

*Whereas*, Winona State University prides itself on educating the future teachers of our generation.

*Whereas*, 1,195 students at Winona State University take classes at Education Village.

*Whereas*, commuting to Education Village from the main campus poses a threat to pedestrian safety.

*Whereas*, the distance required to commute between the main campus and the Education Village inhibits student's accessibility to education.

*Therefore be it resolved*, that WSUSS strenuously recommends the implementation of a shuttle that runs exclusively between the main campus and education village.

*Therefore be it further resolved*, that WSUSS advocates for the implementation by the start of the fall semester 2020.
