Tuberculosis Screening and Targeted Testing of College and University Students / Appendix A

Have you resided in or traveled to one or more of the countries or territories listed above for a period of one to three months or more? (If yes, CHECK the countries or territories, above) Yes No

Have you been a resident, volunteer, and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)? Yes No

Have you been a volunteer or health care worker who served clients who are at increased risk for active TB disease? Yes No

Have you ever been a member of any of the following groups that may have an increased incidence of latent *M. tuberculosis* infection or active TB disease: medically underserved, low-income, or using drugs or alcohol? Yes No

If you answered YES to any of the above questions, Winona State University recommends that you receive TB testing prior to the start of your first enrolled term). The significance of any travel exposure should be reviewed with a health care provider.

If the answer to all the above questions is NO, no further testing or further action is required.
